

# KEVIN SAEZ

WEB DEVELOPER

## ABOUT ME

I'm a frontend web developer. I've been developing websites since 2020, when I started working for my university's faculty director. Since then, I've been growing my skills on Javascript, Html & Css, then going to MERN Stack since 2021. I love playing videogames and Tennis. I keep learning new things daily and I enjoy participating in challenging projects.

I also speak English and Spanish fluently.

## EXPERIENCE

- Developed web apps with ReactJs.
- Development on front-end & back-end. (MERN)
- Worked on personal projects to develop my skills and learn new technologies.
- Right now serving as a volunteer for Awakelab.
